LOTE Policy

RATIONALE:

Languages Other than English (LOTE) contributes to the universal purposes of schooling and to the development of skills in thinking and reflection. They support the moral, social and economic initiation of young people into the culture and wider civilisation that surrounds them. Learning a language nurtures reflective, deep and creative thinking in specific ways, cultivates culturally distinctive fields of knowledge, and stimulates awareness of intellectual functioning.

PURPOSE:

The Auslan LOTE program caters for the cultural and linguistic needs and interest of all students whether they are Deaf or hearing. The ability to use a language other than English to move between cultures is imperative for full participation in the modern world, especially in the context of increasing globalisation and Australia’s cultural diversity.

IMPLEMENTATION:

• All students will study a sequential LOTE course based upon the learning focus statements contained within the Victorian Essential Learning Standards.
• Incorporate school and area themes into LOTE via the Integrated Curriculum where possible.
• Develop in students a positive attitude towards learning Auslan.
• Incorporate lessons with an emphasis on signing and an element of Deaf Culture.
• Increase students understanding of the visual nature of Auslan, and how it differs to English in both structure and function.
• Develop student’s ability to use basic, everyday signs to communicate.
• Gain insight into Deaf Culture, which gives Auslan its life and meaning.
• Develop in students an appreciation and tolerance of their own culture and the culture and language of others.
• Enhance student’s general knowledge.

EVALUATION:

This policy will be reviewed and updated three years from the time it is ratified by School Council.

Policy Team: Paula Grimmer, Michelle Hortle, Cathie Sutton, Sharon Armstrong.
