The Importance of Routine for Independent Learning

To become good life-long learners, children need to grow in confidence and independence. Adults play an important role in providing children with stimulating and supportive environments for learning and development.

The following provides you with some ideas on how to help create independent little learners.

**Routine, routine, routine**

**BEFORE SCHOOL:**

How things go at home in the morning can set the tone for the day. Children who arrive at school calm, relaxed, fed and ready can make the most of the first few hours of the day (also the best learning time).

- Getting up an extra 15-30 minutes earlier might help things run more smoothly.

- Mornings are easier if your child can do things for themselves. Prepare a list of things your child can do to help (see morning routine template below).

- TV can distract children from getting ready (and they can’t hear you) so consider leaving it off.

**AFTER SCHOOL:**

Homework is a more efficient process if it is done at the same time and in the same place. Don’t expect that children will perform well with study tasks late in the day or night, or if they’re tired or hungry. One of the best routines is to attend to homework after school when kids’ minds are still firing. It can also help concentration if they have something to eat first. Getting school work out of the way before doing fun things keeps motivation up as well.

**EVENING:**

- Pack bag night before, & have uniform ready.

- Establish a bedtime routine - so they know what to expect and have time to wind down.

For more information on this topic please visit [www.raisingchildren.net.au](http://www.raisingchildren.net.au)

**Independence skills**

**Encourage self-help skills:** These skills include your child dressing and undressing themselves, eating from their lunch box, going to the toilet and asking for help. Encouraging your child to develop these skills will give them lots of confidence in being able to do things for themselves.

**Promote a sense of responsibility:** Encouraging your child to take responsibility for small tasks (eg setting the table for dinner, putting their clothes in the wash basket) will help them feel useful and build their self-confidence.

**Teach your child to care for their belongings:** Encourage your child to care for and respect their belongings (eg tidying up toys, putting pencils back in their pencil case).

**Involve your child in making decisions:** Providing your child with simple choices will give them practice for decisions they may need to make at school. Start with giving two choices such as the red or the blue bow when getting dressed or an apple or banana for a snack. This will give them the confidence to make bigger decisions.

**Develop your child’s understanding of social rules:** Talk to your child about how different settings have different rules and expectations (eg rules at preschool, rules around a swimming pool to keep everyone safe). This will help them adjust to some new rules they will need to learn to remember and follow at school.

If you have any questions or require assistance for yourself or your child on this issue or any other welfare matter please do not hesitate in getting in touch.

SUGGESTION BOX

We have a new suggestion letterbox at the office!

This has been introduced from feedback given at our Parent Forum at the end of Term 2.

Parents, carers and students can put forward any ideas or suggestions they may have.

We ask that your name be written on your suggestion so that we can contact you to discuss your idea further.

Obviously some ideas we will be able to accommodate, others will depend on how these ideas fit within our schools goals.

Please note that if you have a specific concern and wish to discuss it with Mrs Kliman or a staff member, please make an appointment at the front office.

PRINCIPALS DAY

On Monday the 31st of August we celebrated Principal’s Day and staff brought some yummy treats to share with Mrs Kliman. She also received some achievement ribbons and cards from students.

THANKS MRS KLI MAN FOR ALL THE HARD WORK YOU DO FOR OUR SCHOOL!

CLUBS

Our first round of Clubs finished on the 4th of September. Each group has worked together for 5 sessions. Next term teachers will be running the same clubs with a different group for another 5 weeks (on a fortnightly basis). Check out some of our students working well together on their club activity!
