October, 2017

Dear Parents and Guardians,

A walking excursion has been planned to support our *My Home, My World*, Inquiry unit. In this geography unit, we will be exploring our local community, the connections we have to places in our community, and the features of a community.

During the walk, we will identify special community structures such as libraries, supermarkets, post offices, train stations, streets, schools and parks. In addition, students will have the opportunity to explore features within our community which are both natural and man-made. This experience will provide further knowledge and understanding, which students can apply in classroom learning.
